Basic Operational Guide to Media Equipment
Sakamaki C201

Using the Touch Screen Panel

**Step 1: Start-up procedures**
Press/touch the **center button (UH Seal)** on the touch screen.

- to mute projected image
- to mute audio
- to turn on microphone input on Auxiliary Panel
- Press to resize and center projected image on screen
- Volume Control

**Step 2: Turn on equipment**
While waiting for the projector to warm up, turn on the equipment you want to show through the projector.

The following media are available in this classroom:

- **DVD/VHS Video Player** (located in cabinet below)
- **Document Camera** (located on desktop)
- **PC Computer** (located in cabinet below)

External devices such as laptop computers and other video/audio equipment may be connected through:

- **VGA Cable** (located on shelf)
- **Auxiliary Panels** (located left of the touch screen or in cabinet below)

**Step 3: Select media**
When the menu screen appears, select the type of media equipment you will be using.

The media equipment in this classroom has been provided by the Center for Instructional Support. Call **956-8075** for any questions, problems, or concerns. Visit our website at: [http://www.cis.hawaii.edu](http://www.cis.hawaii.edu).
Step 4: Close-down procedures
Press/touch the red “System Off” button located in the lower right-hand corner of the touch screen.

On the next screen, Press/touch the green “YES” button to turn off the projector. Turn-off all media equipment.

You can control the DVD/VHS Combo Player through the touch screen. The following controls will appear after you select the media you are using.

For playing VHS Videotapes:

For playing DVD discs:

Press “Full Screen VHS” if you would like to view the image being projected on the touch screen with the set of controls.

Use these controls to navigate through DVD menus.
**Auxiliary Inputs**—located on counter
(to attach other external video sources to the projection system)

**PC Computer**—located in cabinet

**DVD/VHS Video Player**—located in cabinet
